Thanks for the briefing on the updated PowerPoint ...It looks great pending the addition of Archema information. Please send the completed version to David with a copy to me, Pam and others as you wish.

Another component is a list of entities for Sam to thank and I understand that is well under way as well. I won't have any second guesses about that so please ship that up to David as well when done [with cc's]

Finally, I understand that a list of Issues and Answers regarding Harvey is being developed by Adam and Bryant. John provided some issues and answers on San Jacinto that came from Congressman Green's 9/29 letter [see attached] that can be combined with the other issues. I'll check in at end of day to see how that is cooking

Can we update the PowerPoint that I used in the Cornyn briefing last month for use on Friday?
